Bring Your Own Device (BYOD) Initiative:

Parkland School Division is committed to using the power of technology in a purposeful and meaningful way to deepen understanding and demonstrate learning. We hope to encourage an environment where each student has their own device. With 1:1 technology availability, our goal is for every student to have greater access to all the resources necessary for learning, and for our students to develop digital citizenship and social responsibility. For more information and for device guidelines please visit this link.
